## Introduction to ATMS Society

Antenna Test & Measurement Society (ATMS) was established as a beacon of excellence in realm of Microwave Antenna Systems. It is a non-profit organization of international repute born from the collaborative efforts of distinguished scientists & engineers from ISRO, DRDO, Academia, PSUs and leading corporate bodies.

## About Conference

The 16th Edition of the ATMS International Conference will primarily focus on various measurement techniques of Antenna, Radome characterization, RCS reduction, Stealth solutions and advancement in material characterization.

## Conference Topics

- Advancement in near field, far field, compact Range measurement techniques for antennas and RCS
- Conformal Antennas / Low Observable Antennas and Countermeasure Technologies
- mmW, THz, Infrared, Optical Antenna and Measurements
- Antennas and Measurement for 5G/6G, Phased Array, Adaptive, Smart, Wearable
- EMI/EMC/PIM chamber design, measurement and instrumentation
- Stealth Technologies (Radar, InfraRed, Acoustic and Visual) – Measurement and Characterization
- Advances in Signature Measurement Techniques (Radar, InfraRed, Acoustic and Visual)
- Material Characterization, Modelling and Simulation Techniques (Radar, InfraRed and Visual)
- Sensor Technology for Multispectral (Radar, InfraRed, Acoustic and Visual)
- Drone Based Signature Measurement
- SISO/MIMO Antenna Measurements
- Hybrid Chambers for EMI/EMC and Antennas
- Antenna characterization for Satellite and Ground Applications including payload testing

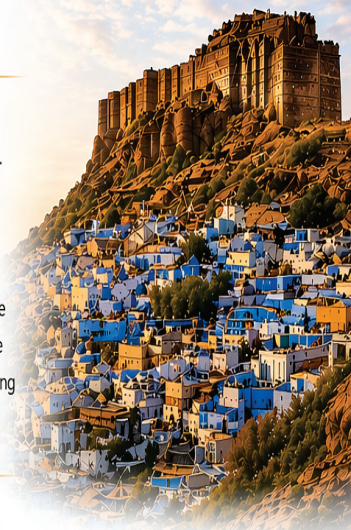

## ITC WelcomHotel – Jodhpur

53 Uchiyarda Road, Near Euro International School  
Jodhpur, Rajasthan, India, 342027

## About Jodhpur:

Jodhpur city was established in 1459 by Rathore clan ruler Rao Jodha. It is often called 'Gateway to the Thar'. It is also known as Blue City or Sun City due to blue painted houses in the old city to keep buildings cool in desert heat. This former capital of Marwar Kingdom, is now a major tourist destination celebrated for its unique culture architecture, cuisine and strategic location in the Thar desert. The city offers a rich history culture of thriving local artisan scene and has a majestic Mehrangarh fort.

## Exhibition:

The two-days Conference will be held along with an Exhibition on Antenna Measurement related Hardware & Software.

**Welcome Sponsors:** All the sponsors would be allotted with exhibition space at the 16th International Conference i.e. "ATMS-2026" of the Antenna Test & Measurement Society (ATMS) at Jodhpur.
